

Product	Cannabidiol DAC-Quality		
CoA-No	AZ_R1_20-44-001.1	Specification Number	SPE 194
Article-Number	22-0022	Batch-Number	-
Manufacturing Date	19/11/2020	Batch-Number Bulk	20-44-001.1
Packaging Date	-	Container / amount	Airtight, light-protected vessel
Retest Date	23/11/2022	Storage Condition	15 - 25 °C, airtight, dark

Test parameter	Method	Specification	Result
----------------	--------	---------------	--------

Characteristics			
Appearance	Visual control	White to yellow powder	Complies

Identity			
Infrared spectroscopy	Ph. Eur. 2.2.24 (IR)	Must correspond to reference spectrum of Cannabidiol	Complies (R ² =99.3 %)

Purity and physical parameters			
Related substances			
CBD-C3	Ph. Eur. 2.2.29 (HPLC)	n.a.	0.16 % (m/m)
CBD-C4		n.a.	0.22 % (m/m)

Unspecified impurities			
Unspecified impurities	Ph. Eur. 2.2.29 (HPLC)	Unspecified impurities* each ≤ 0.10 % (m/m)	n.d.
Sum of all impurities (rel. subst. inclusive)		Sum of all impurities* ≤ 0.5 % (m/m)	0.4 % (m/m)

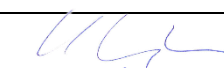

Physical parameters			
Specific rotation	Ph. Eur. 2.2.7 (Polarimetry)	-129.5 to -135.0	-130.1
Sulfate ash	Ph. Eur. 2.4.14	≤ 0.1 % (m/m)	0.0 % (m/m)**
Water content	Ph. Eur. 2.5.12	< 0.1 % (m/m)	0.0 % (m/m)

*Disregard limit for impurities = 0.05 %

**Value taken from AZ20_44_001.1

Content			
CBD-C5	Ph. Eur. 2.2.29 (HPLC)	98.0 to 102.0 % (m/m)	99.0 % (m/m)

I hereby certify that the above information is authentic and accurate.
 This batch has been manufactured, including packaging/labelling and quality control at the above mentioned site in full compliance with the EU-GMP requirements of the local Regulatory Authority.
 Except for the validation / verification of the compendial analytical method implemented for the purity testing.
 The batch processing, packaging and analysis records were reviewed and found to be in compliance with EU-GMP.
 This certificate is only valid for closed containers of this specific batch.

1 SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier	Product Name: Cannabidiol CAS-No.: 13956-29-1
1.2. Relevant identified uses of the substance or mixture and uses advised against	Laboratory chemical. Manufacture of materials.
1.3. Details of the supplier of the safety data sheet	Schibano Pharma AG Tüfi 450 CH-9105 Wald-Schönengrund +41 (0)79 300 03 69 info@schibano-pharma.ch
1.4. Emergency telephone number	+41 (0)79 300 03 69 (Schibano Pharma) Mon-Fri 8:00-18:30

2 SECTION 2: Hazards identification

2.1. Classification of the substance or mixture	Acute oral toxicity: Category 4 Reproductive toxicity: Category 2 Aquatic chronic toxicity: Category 4
2.2. Label elements	 <p>GHS Signal word: Warning</p> <p>GHS Hazard statements: H301: Harmful if swallowed H361: Suspected of damaging fertility or the unborn child H413: May cause long lasting harmful effects to aquatic life</p> <p>GHS Precautionary statements: Prevention P201: Obtain special instructions before use. P202: Do not handle until all safety precautions have been read and understood. P264: Wash hands thoroughly after handling. P270: Do not eat, drink or smoke when using this product. P273: Avoid release to the environment. P280: Wear protective gloves.</p> <p>Response P301+312+330: IF SWALLOWED: Call a POISON CENTER or a physician and rinse mouth, if you feel unwell. P308+313: IF exposed or concerned: Get medical advice.</p> <p>Disposal P501: Dispose of content in accordance with national and local regulations.</p>

2.3. Other hazards	<p>Effects and Symptoms: May be harmful by inhalation. May cause drowsiness or dizziness. May affect the inflammatory response. To the best of our knowledge, the toxicological properties have not been thoroughly investigated.</p>
<p>3 SECTION 3: Composition/information on ingredients</p>	
3.1. Substances	<p>Common name: Cannabidiol Other names: CBD CAS-No: 13956-29-1 RTECS: VH160000 Impurities: .not specified</p>
3.2. Mixtures	Not applicable.
<p>4 SECTION 4: First aid measures</p>	
4.1. Description of first aid measures	<p>If inhaled: Move the person into fresh air. If not breathing, give artificial respiration and get immediate medical attention. In case of skin contact: Wash off with soap and plenty of water. Remove contaminated clothing. Get medical attention if symptoms occur. Wash clothing before reuse. In case of eye contact: Hold eyelids apart and flush eyes with water. Have eyes examined and tested by medical personnel if any irritation occurs. If swallowed: Rinse mouth with water, provided the person is conscious. Never give anything by mouth to an unconscious person. Get medical attention if exposed to a great amount. Do NOT induce vomiting unless directed to do so by medical personnel.</p>
4.2. Most important symptoms and effects, both acute and delayed	<p>Drowsiness or wakefulness. May affect the inflammatory response. If swallowed, the symptoms may occur one or more hours later.</p>
4.3. Indication of any immediate medical attention and special treatment needed	Treat symptoms. No special immediate treatment required.
<p>5 SECTION 5: Firefighting measures</p>	
5.1. Extinguishing media	Use water spray, alcohol-resistant foam, carbon dioxide or dry chemical spray. A solid water stream may be inefficient.
5.2. Special hazards arising from the substance or mixture	May produce carbon oxides on combustion.
5.3. Advice for firefighters	Keep containers cool with water spray. If necessary, wear self-contained breathing apparatus and full protective gear.

6 SECTION 6: Accidental release measure

6.1. Personal precautions, protective equipment and emergency procedures	Wear gloves and other appropriate personal protection.
6.2. Environmental precautions	Avoid to release into the environment or drains.
6.3. Methods and material for containment and cleaning up	Use an appropriate solvent in safety condition or soap to collect the spill.
6.4. Reference to other sections	Not applicable.

7 SECTION 7: Handling and storage

7.1. Precautions for safe handling	Avoid excessive exposure.
7.2. Conditions for safe storage, including any incompatibilities	Keep protected from light and air at 15 – 25 °C. Avoid exposition to strong oxidizing agents.
7.3. Specific end use(s)	No data available.

8 SECTION 8: Exposure controls/personal protection

8.1. Control parameters	No data available.
8.2. Exposure controls	Use process enclosures, local exhaust ventilation and general industrial hygiene practice.
8.3. Individual protection measures	<p>Eye protection: Safety glasses.</p> <p>Skin protection: Lab coat and protective gloves.</p> <p>Wash thoroughly with soap if contact occurs.</p> <p>Respiratory protection: No specific requirements.</p> <p>Thermal hazard: No specific requirements.</p>

9 SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties	<p>Appearance: white to slightly yellow solid</p> <p>Odour: none</p> <p>pH: no data available</p> <p>Melting point: 62 °C – 65 °C</p> <p>Boiling point: 463.9±45.0 °C at 1 atm</p> <p>Flash point: 206.3±23.3 °C</p> <p>Evaporation rate: no data available</p> <p>Flammability: no data available</p> <p>Explosive limits: LEL: no data. UEL: no data</p> <p>Vapor pressure: 0±1.2 mmHg at 25 °C</p> <p>Vapor density: no data available</p> <p>Relative density: no data available</p> <p>Solubility: poor water soluble ~36 mg/ml in Ethanol, DMSO, DMF ~250 µg/ml in 1:3 DMSO/PBS (pH 7.2)</p> <p>Partition coefficient: 1,26 x 10⁶ – 2,14 x 10⁶ (oct/wat)</p> <p>Autoignition point: no data available</p> <p>Decomposition temp.: no data available</p> <p>Viscosity: no data available</p>
--	---

9.2. Other information	Density: 1.025 g/cm ³ Molecular formula: C ₂₁ H ₃₀ O ₂ Molecular weight: 314.46 g/mol Percent volatile: no data available
10 SECTION 10: Stability and reactivity	
10.1. Reactivity	No data available.
10.2. Chemical stability	Stable at room temperature.
10.3. Possibility of hazardous reactions:	Polymerization will not occur.
10.4. Conditions to avoid	Light.
10.5. Incompatible materials	Strong oxidizing agents.
10.6. Hazardous decomposition products	No data available.
11 SECTION 11: Toxicological information	
11.1. Information on toxicological effects	<p>Acute toxicity</p> <p>LD₅₀ intravenous mouse: 50 mg/kg dog: unknown, >254 mg/kg</p> <p>Lowest lethal dose oral mouse: 212 mg/kg mg/kg monkey: unknown, >750 mg/kg monkey: unknown, >300 mg/kg</p> <p>Lowest toxic dose oral human: unknown, >20 mg/kg</p> <p>Skin corrosion or irritation: Not classified as hazardous.</p> <p>Serious eye damage or irritation: Not classified as hazardous.</p> <p>Respiratory or skin sensitization: Not classified as hazardous.</p> <p>Germ cell mutagenicity: No data available.</p> <p>Carcinogenicity: No component of the product at levels $\geq 0.1\%$ is identified as probable, possible, or confirmed human carcinogen by IARC.</p> <p>Reproductive toxicity: Suspected to damage fertility or the unborn child. TD_{Lo} oral mouse female: 50 mg/kg TD_{Lo} oral mouse male: 750 mg/kg</p> <p>Specific target organ toxicity</p> <p>Single exposure: Not classified as hazardous. Repeated exposure: Not classified as hazardous.</p> <p>Aspiration hazard: Not classified as hazardous.</p>
11.2. Routes of exposure	<p>Ingestion: May affect mucosal inflammatory response. Inhalation: May affect mucosal inflammatory response. Skin: May affect skin inflammatory response.</p>

	Eyes: May affect eye inflammatory response.
11.3. Symptoms of exposure	Exposure may affect the inflammatory response and cause dizziness or wakefulness. To the best of our knowledge, the toxicological properties have not been fully investigated.
11.4. Delayed and immediate effects	No data available.
12 SECTION 12: Ecological information	
12.1. Toxicity	No data available.
12.2. Persistence and degradability	No data available
12.3. Bioaccumulative potential	Poor water soluble. High partition coefficient.
12.4. Mobility in soil	Poor water soluble. High partition coefficient.
12.5. Results of PBT and vPvB assessment	No data available.
12.6. Other adverse effects	No data available.
13 SECTION 13: Disposal considerations	
13.1. Waste treatment methods	Dispose in accordance with local, state, and federal regulations. Refer to information in section 8 for exposure control.
14 SECTION 14: Transport information	
14.1. UN number	-
14.2. UN proper shipping name	Not classified as hazardous for transport by ARD/RID, IMDG and IATA.
14.3. Transport hazard class(es)	Not classified as hazardous for transport.
14.4. Packing group	-
14.5. Environmental hazards	The product is not classified as environmentally hazardous according to the UN Model Regulations, ARD, RID, and AND; nor as a marine pollutant according to the IMDG Code.
14.6. Special precautions for user	No data available.
14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code	No data available.
15 SECTION 15: Regulatory information	
15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture	Restricted substance in Slovakia according to the law n.43/2011.

15.2. Chemical safety assessment	A chemical safety assessment has not been made for this product.
16 SECTION 16: Other information	This SDS was prepared in accordance with Regulation (EC) No. 1272/2008. This information is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigations to determine the suitability of the information for their particular purposes.
